

COVIDSAFETY PLAN

It is important that all our parents, students and teachers stay safe when attending our Studio. Please consider the health and wellbeing of your child and the rest of the people at the Studio before attending face-to-face lessons.

The Studio abides by all current government restrictions for COVID-19.

WELLBEING OF TEACHERS, STUDENTS AND FAMILIES

- It is important that you do not enter the Studio if you feel unwell, particularly with any cold-like symptoms including a sore throat, runny nose, temperature, breathing difficulty or cough.
- Anyone who enters the Studio with any cold-like symptoms will be asked to leave immediately. The lesson can continue online once you get home, but the lesson will finish at your normal finish time.

FACE MASKS

- Anyone who enters the Studio is required to bring a facemask and put it on when asked to do so.
- The Studio teachers will wear a facemask during lessons.

LESSONS IN THE RED ROOM

- One student and one parent may attend lessons in the Red Room.
- A maximum of 12 people are allowed in the Red Room for concerts.

LESSONS IN THE PURPLE AND TEAL ROOMS

- Only the student and teacher can enter the Purple Room.
- A maximum of two people are allowed in the Purple Room.

HYGIENE AND CLEANING

- Hand sanitiser is provided in the waiting room and in each teaching room. You must apply hand sanitiser when you arrive and before you leave the Studio.
- After your child has applied hand sanitiser, they must wash their hands using soap and water. This is to protect the pianos from damage caused by the hand sanitiser.
- Pianos and high-touch areas will be cleaned as needed.
- Hand washing instructions are available in the bathroom.
