Encouraging your child's  
creative development

## Our history...

The Fraser Music Studio was established in Epping in 1972 having been previously established in Manly in 1942 and Canowindra and Griffith.

Currently the studio has three piano and theory teachers.

## Our philosophy...

We encourage all students to enjoy their music, to play a wide variety of musical styles and to work towards developing their music potential.

## We teach...

We teach children from 4 years of age up to senior citizens in private lessons. Currently we have students who learn for pleasure and others who combine a program of fun pieces with an examination program.

Examinations with the Australian Music Examinations Board (AMEB) are conducted every year in the studio in April/May and October. We prepare students for Preliminary to Grade 8 and the Certificate of Performance in the Piano and Piano For Leisure Syllabus, and also Diploma examinations.

## To further support...

To supplement the private piano tuition we conduct musicianship/theory classes for students who learn piano at our studio. These classes are conducted in small groups, 6-10 children. These classes are optional however we encourage our students to participate when it is appropriate for them in their stage of musical development.

We also provide private theory tuition for our piano students and students from other studios.

For students preparing for examinations in the higher grades in Piano New Syllabus, theory/musicianship is a compulsory requirement by the AMEB.

## An opportunity to perform...

We encourage students to develop performance skills by providing them with the opportunity to perform each year in 2 or more small group recitals held at the studio and 2 concerts held at Epping West Public School.

## Welcome...

We welcome you and your child to our studio.

## To organise an interview...

Please phone Vicki on 9869 7038 or 0412 658 642 to arrange a suitable time to meet you and your child.
